About Community Psychology Association of India

Community Psychology Association of India was registered under Societies Registration Act, 21, 1860. The basic purpose of the Association was to provide a platform for Psychologists to sit together and discuss various aspects and issues of Community Psychology. Under the auspices of Association eleven National and Biannual Conferences, four National Seminars had been organised. An International conference on Counseling and Community Psychology was also held in Jaunpur in 2011. Association also publishes CPAI Bulletin for information dissemination. Its aim is to provide a forum for the presentation and discussion of community issues. The Association has been publishing biannually a journal focused on community research entitled "Indian Journal of Community Psychology" since Jan. 2004.

International Conference on Youth and Well Being (November 11-12, 2016)

Organized by

Department of Applied Psychology
Guru Jambheshwar University of
Science and Technology, Hisar
and
Community Psychology
Association of India (CPAI)

About the Conference

It gives us great pleasure to invite you to the International Conference on Youth & Well Being to be held from 11-12 Nov, 2016 at Department of Applied Psychology, Guru Jambheshwar University of Science & Technology, Hisar.

Youth is a crucial period for establishing positive health and social behaviors. It is a time when young people are undergoing rapid emotional, physical and intellectual changes and when they begin the transition from childhood to adolescence and from adolescence to adulthood. The health and wellbeing of youth not only affects their immediate quality of life and productivity but also shapes the future health of the whole nation and, in a broader social sense, the health of society. Tackling health and wellbeing issues when they occur in adolescence is socially and economically more effective than dealing with enduring problems in adulthood.

In the current scenario, there is a great need of positive youth development for nurturing positive emotions, character strengths, values and happiness among the youth for the betterment of the future generation. The theme of the conference "Youth & Well Being" invites research findings and applications for promoting positive youth development from psychology and allied sciences. We hope that the event offers an opportunity for intellectual and scientific discussions on this topic, and to connect scholars from the global community. All of us will jointly work for instilling the value of positivism in the youth in order to motivate them and to infuse the faith in optimism among them, so that their attitude, behavior, thought, speech, and actions can be molded accordingly.

We invite you to participate in the event for understanding, learning and sharing your scientific knowledge and skills. We look forward to welcoming you at Guru Jambheshwar University of Science & Technology, Hisar.

About the University

Guru Jambheshwar University of Science and Technology, Hisar, was established on October 20, 1995 by an Act of the Legislature of the State of Haryana 1995. It is named after Guru Jambheshwar Ji Maharaj, a saint and an environmentalist of the 15th century. Guru Jambheshwar University has been awarded grade "A" by National Assessment and Accreditation Council (NAAC) consecutively for the third time in a row. As per National Institute Ranking Framework (NIRF) by Ministry of MHRD (2016), the university is ranked as No.1 state technical university of the country, No.1 university of Haryana and 24th among universities/institutes in India. The lush green campus spread over the area of about 372 acres is situated at Hisar which is about 167 kilometers from Delhi on NH-10 and is at the distance of 230 kilometers from Chandigarh on NH-65. With 17 teaching departments classified under 7 faculties, the university at present is offering undergraduate, postgraduate, PG Diploma programmes with PhD in all the departments. The University also offers various programmes through Distance Education Mode approved by the joint committee of UGC, AICTE and DEC.

About the Department

The Department of Psychology was established in the year 1996. The department is providing specialized education & research in the areas of clinical, health, organizational, counseling, psychological testing and social psychology. The faculty members and researchers of the department have also made significant research contribution in these fields and are also involved in development of Psychometric Tools. The department is well-known for its excellence in academic & research programs in various fields of psychology. Alumni of the department are well-placed and working on eminent positions in institute's of national and international repute. With the objective to promote research in psychology, department is also running a Center for Behavioral Research and Intervention (CBRI). CBRI is constantly involved in organizing the workshops, symposiums, national and international conferences and various other research oriented activities. The center has completed several research projects sponsored by Ministry of Home Affairs, BPR&D and many
